

New Dufour 530: One Model, Three Souls

· 19 November 2019 · 1 minute read

Dufour Yachts confirms that the World debut of the new Dufour 530 will be at Boot Dusseldorf 2020 next January. We can say that this new model will be a merger of Dufour's Grand Large and Performance ranges. A key difference is that the new Dufour 530 will be available in three versions with distinctly different deck layouts.

True to her designer Umberto Felci, the Dufour 530 style is distinguished by her hull recess and powerful rear sections. A lot of the design work has been dedicated to the transom, the extension of the recess and new polyester cut-outs enhancing the engine air inlet and outlet, in order to create a strong and yet very simple signature.

Positioned on the 50-foot segment, the Dufour 530 is 16.30 LOA and 4.99 meters wide. She offers an impressive volume mainly beneficial to the owner's cabin or the double cabin forward for charter version. She may also be equipped with an additional skipper cabin.

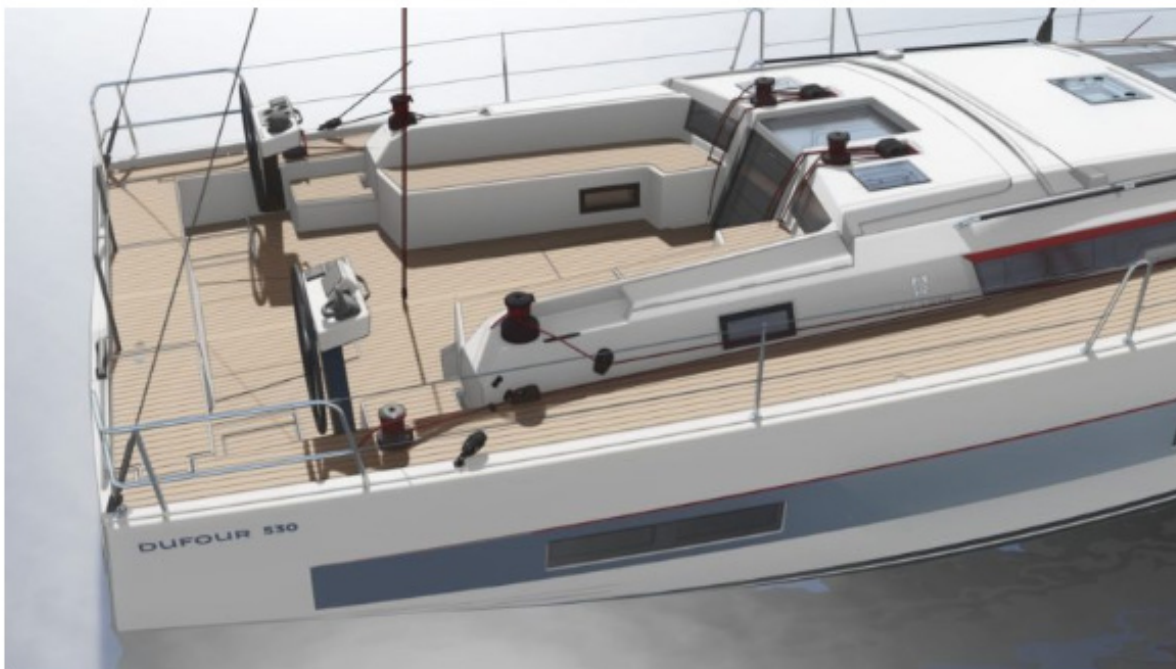

One Dufour 530, 3 versions

The Dufour 530 is available in three versions, easily identified by their deck layouts.

Dufour 530 Ocean

The “Ocean” version is aimed at the owners with a traditional deck layout, with the halyard manoeuvres and the mainsail rail on the coachroof, and the sheet manoeuvres on the coamings.

Dufour 530 Performance

The “Performance” version is an evolution of the much-loved Performance Range. The 530 Performance features an upgraded mast and boom package; an increased sail area of 20m², additional winches and a 2.80m lead keel.
